

FAITH PROMOTIN STORIES

Many experiences have been told to the missionaries by the Indian people. Here is a faith prompting incident by Augustine Hindbull. --

Alan Hindbull son of Jack Hindbull was taken very ill. His leg became parylized and the Doctors did not know what it was that was causing the trouble with his leg.

Sister Hindbull said she prayed all the time. Many of their friends came and talked to them as if he was already dead. Sister Hindbull told them " to be quiet, that Alan would be all right." Alan was administered to by Bro. Wm. Barrus - all fasted and prayed. Then Alan went to Edmonton and had his operation and came home in fine health.
